If there's levels to all the shit on this Earth, what level in or of this shit are you on?

I've met a lot of Carnal Minded Intelligent Humans in the city, that think they're better than Carnal Minded Intelligent Humans in the country. I've met Niggas in the cities that think they're better than the Niggas in the country. Especially the ones with an education. I'm from the country with little to no education, and I've never met a human on this Earth higher in Spiritual Mindfulness than me. I transformed my own mind, first.

To be transformed by the renewing of your mind means you have changed your dimension of your previous state of consciousness. Sometimes children think like grownups and many times, grown adults think like children, yes? *

I've experienced a Spiritually Dumb ass White Boy that's foolish like a child. He speeds when he drives and pulls over to other people's cars to cuss them out. And he thinks in his mind, he's – right – to go that. According to our imagination, we call that type of mind Carnal Minded Consciousness. He's an old man with a childish mind that's selfish, does NOT self-govern, and is spiritually immature.

It's NOT just the old White Boys; it's any colored skin Human that talks like a mature adult but behaves like a child. They are everywhere on this Earth. It is wise to avoid them like yawl used to do with Covid. *

The old head stupid below 4 Level of Consciousness White boy came around a 7th Level King Consciousness Man... sick. That's selfish and disrespectful. When you're sick, you don't go around people you care about, especially if it's something they can catch, right? *

You don't recklessly speed on these streets and risking your life and the lives of others, unless you're an idiot, and selfish, right? *

Spiritual Immaturity is a thing. Only a Carnal Minded Dumbass would speed on the streets risking his life and the life of a servant of the Lord.

I lead in peace, but whenever I go to war, I know the Holy Spirit will help me fight against human idiots and the Darkness. Those that only know a little light, but not the darkness in themselves is selfish.

I'm a servant of the Lord. My nature is of the rooster.

When you speak of the Holy Spirit, first it's invisible. It is dangerous to underestimate the power of the Holy Spirit, for one thing. And to NOT go around loudmouth, disrespectful, ignorant ass human beings that are spirituality immature... unless I want to destroy them.

I've met any Child-Minded Teachers talking about what they teach their students. So, you got grown ass adults behaving like children being the teachers of children, and you're asking children what's wrong with them? *

Good luck.

Ducks? *

New Conscious Guardians, Inc., is a 501c3 nonprofit committed to serving orphans and widows.

We at New Conscious Guardians aspire to operate solely under the force of Spiritual Mindfulness and DON'T reinforce Carnal Mindfulness. We advocate a renewing of the minds. Because of experiences with humans, one of NCG's Rules is - "Nothing Can Offend You Unless You Allow It". If you have NOT conquered yourself and your mind enough that this is also one of your rules, please consider NOT entering the New Conscious Guardians, Inc.'s Realm to be served and afterwards have the Carnal Mindfulness to try to perpetrate a physical, psychological, or spiritual attack, designed to kill, steal from, or destroy anything associated with New Conscious Guardians, Inc., and that includes The Miraculous Black Rooster.

I went inside the Los Angeles County Juvenile Probation Department as a private investigator as well as a servant of the Lord. Do you want to know what I saw?
I'll tell you if you pay me.

Why do you have to pay me? Because if I tell you, and you promise not to slap the fuck out of me, because my story scared the fuck out of you, I'll tell you my story for free. But if you hit me, you must pay me. Especially touching me on this Earth without my consent.

And as a servant of the Lord, I cannot attack the Los Angeles County Juvenile Probation unless they disrespect me one more time. I helped them. They helped me a little but didn't offer me shit. I offered my services again when I heard the conditions were dire, they ignored me. You get two slaps. If you disrespect me more than one time, it's war with me, that's why I detach and go away in peace.

If you say you know me, good. But if you say you don't know me, and I did NOT come and bring "good" works and should have thousands of former mentees who were the in Los Padrinos Juvenile Hall, which is a Juvenile Detention Center in Downey, California.
